FOREWORD

In presenting this Price List to our friends, we wish to thank you most sincerely for the staunch support you have given us in the past. You have made it possible for us to endure and survive the unprecedented economic conditions we have experienced, which have brought on unavoidable financial losses to many of us; of which we have had a very liberal share.

Our greatest ambition is, and always has been to treat our Customers as we like to be treated, even better if possible. We have reduced our Plantings somewhat from year to year, therefore, we may lack in quantity of many kinds but we never before have had the good fortune to harvest such fine, clean lot of bulbs as we did the past fall, and no labor or expense has been spared to cure and care for our stock to insure the highest quality, in which we take much pride in offering our Customers.

The general reduction, the extent of which seemed unwarranted in many cases, together with great increase in the cost of paper, printing, etc., has made it necessary to trim down the cost of the Price List, almost to the very limit, that is the reason for the short and very incomplete descriptions given even the very finest and most outstanding varieties. We hope at least some of you have seen these on the Show tables and that you have a memo of your favorite varieties to guide you in your selections. While all the varieties we offer are not all brand new, yet none are of the old worn out kinds that are still offered quite extensively by most growers. We have been culling them out year by year. You can't go wrong even if ordering at random from this List. We have also added many new outstanding varieties in their respective color classes.

WHAT WE OFFER YOU

We offer, true to name, absolutely disease and thrip free bulbs, of highest quality, at most reasonable prices. All of our stock was treated with most effective chemicals before planting. All Planting Stock and Bulblets were planted on new land where Glads never had been grown before to safeguard against disease or mixing. State Inspected under License No. 3286.

OUR GUARANTEE

We guarantee all our stock offered in this List to be true to name, full size, free of disease and Gladiolus Thrips, and will replace stock or refund the purchase price for anything bought of us proved otherwise.

TERMS

The terms and discounts immediately following apply to the first section of this Price List. They do NOT apply to the Wholesale Quotations, or Special Offers, Collections, Mixtures, etc.

All shipments from this List (except the Wholesale) will be PREPAID. Each order must be accompanied with remittance in full, or a deposit of 25%, balance before shipping, or send C .O. D.

5 or more Bulbs at the 10 rate, but no item less than \$0.10.

100 at eight times the price of 10.

25 or more of same kind and size at the 100 rate.

No order for less than \$1.00 can be accepted.

IF YOU WANT TO PAY TRANSPORTATION and get extra count on your order, more than enough to pay the charges, just say so, also tell us if you want extra count of same varieties as ordered, or some other kinds. We will treat you more than fair.

Fair Sized Orders are safest and best by Express, especially in the winter time. Parcel Post is not insured against freezing. If left to us we will send the safest way.

DISCOUNTS

(For Cash in full with order)

On orders of \$3.00 to \$10.00 we will include 10% in additional bulbs of your selection.

On orders of \$10.00 to \$25.00 we will include 15% in additional bulbs of your selection.

On orders of \$25.00 to \$100.00 we will include 20% in additional bulbs of your selection.

ADDITIONAL CASH DISCOUNT:

5% Cash Discount is offered for all orders over \$5.00, postmarked before January 15, 1934, with remittance in full.

REMITTANCE

Remittance in the form of Postal or Express Money Orders preferred, especially in amounts of less than \$5.00, for larger amounts good personal checks will be acceptable.

ORDERS with a deposit can be held until April 1st or later if necessary. Our Shipping Season generally ends May 1st.

SIZES

Our Bulbs are all carefully and mechanically graded for size and are listed in six sizes: No. 1 (1½" and over), No. 2 (1¼" to 1½"), No. 3 (1" to 1¼"), No. 4 (¾" to 1"), No. 5 (½" to ¾"), No. 6 (¼" to ½"), according to the A. G. S. standard.

In comparing prices it should be remembered that when listed in three sizes only, "Large," "Medium" and "Small," the Large begin with No. 2, Medium with No. 4, and Small with No. 6 and up.

FOR EXHIBITION FLOWERS

Good, sound, well cured No. 1 Bulbs will produce the largest flowers and spike, No. 2 being second choice, No. 3 and even No. 4 will generally produce very satisfactory flowers for general use, No. 5 and smaller when they bloom the first season produce flowers in proportion.

ORDER EARLY

There are many advantages in placing your order EARLY, you get your choice of the stock offered. It is better for us, as we in turn can handle our business better, for which we will show our appreciation in filling your order.

Values now offered are greater than they have ever been and perhaps ever will be again. We are down to the "rock bottom" and cannot stay there forever. Many "knowing" people predict "Inflation." We are already feeling the increased cost of necessary supplies. Then there is a "Code" in prospect to regulate our industry. If and when it is adopted we all have to get more money for our product, therefore, we cannot guarantee prices to remain as now even to the end of this Season. "Moral," ORDER EARLY.

FREE BULBS

When you send us your bulb order try and think of some friends or neighbors that you think would like to get our catalogue. Someone that is interested in growing the finest Glads or Peonies, that perhaps would make good customers, send their names and addresses along with your order, your co-operation will be appreciated and well rewarded.

SPECIAL MIXTURES

Many "Home Gardeners" don't care enough about names of their Glads to go to the trouble to keep their different varieties separate, and eventually mix them all together. To better meet all requirements, we will supply well balanced mixtures of All Named Varieties NOT LABELED.

SPECIAL MIXTURES: All Large Blooming Size, 1¼" or larger, for \$2.50 NET per 100, PREPAID.

SPECIAL MIXTURES: Medium Blooming Size ¾" and larger for \$1.25 NET per 100, PREPAID.

DeLUXE MIXTURES: This mixture will be made up of all named varieties that would cost two to three times as much if each variety were labeled and will include a well balanced mixture of the most wanted colors and types, values that defy duplication as follows:

DeLUXE MIXTURE: All Large Blooming Size, 1¼" and larger, for \$5.00 NET per 100, PREPAID.

DeLUXE MIXTURE: Same as above in Medium Size Bulbs, ¾" and larger, for \$2.50 per 100, PREPAID.

CONNOISSEURS MIXTURE: We have virtually hundreds of varieties in too small amounts to list under name; this will include some very recent originations from many parts of the world and will include unusual colors and combinations of colors. We offer this mixture at only a small fraction of what it cost us. Many pleasant surprises can be expected when these bulbs bloom.

CONNOISSEURS MIXTURE: Large blooming size, none less than 1¼" and larger for \$10.00 NET per 100, PREPAID.

CONNOISSEURS MIXTURE: Medium blooming size, ¾" and larger for \$5.00 NET per 100, PREPAID.

Order mixtures by name only; 25 bulbs at the 100 rate, 5 bulbs at 10 rate, but no single item at less than \$0.10 and no orders for less than \$1.00 accepted prepaid in U. S. A. Orders for \$5.00 and up insured and can be shipped any time (except in extreme cold weather) by express. No insurance against freezing by parcel post. If left to us we will use our best judgment at all times, as we want every order to reach our customers in the best condition.

For assured satisfaction, send your bulb orders to
